July 25 - 2026

**This work(slide) is done by a human
so there will no neon or gradient theme slides**

Overview:

- What is FreeBSD
- Brief History of FreeBSD
- features
- future plans

Disclaimer : FreeBSD is not Linux(?)

What is FreeBSD?

- Complete operating system
- Tools and sources
- 36,000+ software packages available
- Complete Documentation
- An Open source Community

FreeBSD

Who uses FreeBSD

- Netflix
- Juniper Networks
- yahoo finance
- HRT(hudson River Trading)
- Zoho
- sony (Playstation)
- Whatsapp
- Apple(from mac to watch)
- Meta
- Dell
- HPE
- Verisign
- FlightAware
- truenas

Many More n +1

Why ?

- History Of innovation
- Great tools
- mature Release Model
- Documentation
- Enterprise Friendly License

35 + Years of FreeBSD in 3 Minutes

- 1965 – Multics
- 1969 – UNIX
- 1973 – UNIX rewritten in C
- 1977 – 1BSD
- 1983 – TCP/IP (4.2BSD)
- 1989 – BSD License
- 1992 – 386BSD
- 1993 – FreeBSD Project
- 1995 – Ports Collection
- 2002 – Jails
- 2008 – ZFS
- 2011 – pkg
- 2014 – bhyve
- 2020 – OpenZFS
- 2023 – FreeBSD 14
- 2026 – 35+ Years of FreeBSD

Flavors

- FreeBSD – Rock Solid Performance
- OpenBSD – Security (Most Secure OS)
- NetBSD – Runs on any Hardware
- GhostBSD etc – Desktop

THE Philosophy of FreeBSD

- use our code
- Don't sue us
- produce or Bundle a whole system ready for development

Produce a Whole system

- Kernel
- Userland
- driver
- editor
- everything required for a OS

Whole FreeBSD is Under BSD License

Innovation

- 1993 – FreeBSD 1.0
- 1995 – Ports Collection
- 2000 – SMP & Jails
- 2001 – GEOM Storage Framework
- 2003 – ULE Scheduler
- 2004 – amd64 Support
- 2005 – SMPng
- 2007 – DTrace – observability
- 2008 – ZFS – Filesystem
- 2009 – Capsicum
- 2010 – VNET / VIMAGE
- 2012 – pkg Package Manager
- 2014 – bhyve Hypervisor
- 2015 – UEFI Boot
- 2016 – Native NVMe Support
- 2018 – ARM64 Maturity
- 2020 – OpenZFS
- 2022 – Cloud Images & cloud-init
- 2023 – FreeBSD 14
- 2024 – OCI Container Images
- 2025 – pkgbase & Post-Quantum SSH
- 2026 – Modern Hardware & Cloud Enhancements
